

Moderate flagged photos

Open the moderation queue, read the reason and note, and review actions without removing the photo immediately.

6 min · Available · 2026-09-21

Before you begin

- ✓ You need the Moderate gallery permission.
- ✓ Review the reason, note and context before removing or dismissing a report.

1

STEP 1 OF 3 · 2 MIN

Check the summary

In Gallery check To moderate, which combines consent-blocked photos and open reports.

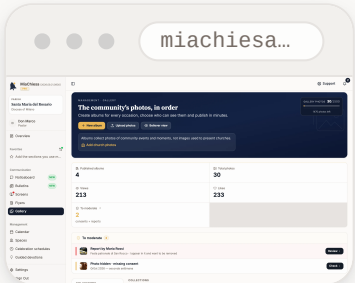

Fig. 1 The summary highlights items that need review.

2

STEP 2 OF 3 · 2 MIN

Open the queue

Scroll to To moderate. Reports show the reporter, album and reason; consent-blocked photos are identified separately.

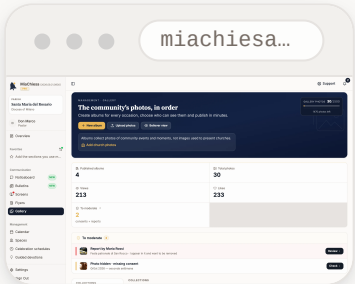

Fig. 2 The queue distinguishes an open report from a photo hidden for consent.

3

STEP 3 OF 3 · 2 MIN

Review the report

Select Review on the report. The dialog shows the image, album, reason and note, then offers Remove photo, Dismiss report or Open in album. Do not choose an outcome until any necessary checks are complete.

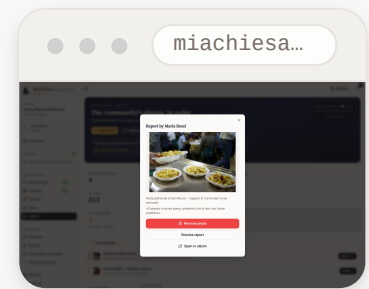

Fig. 3 The moderation actions are ready, but the photo has not been removed and the report remains open.

What you have achieved

- ✓ You can open a report and compare available actions before deciding.

Troubleshooting

The queue is missing

You need the Moderate gallery permission; the queue is hidden from other roles.
