

Browse the public songbook

Use a browser to view songs shared by a community and filter its songbook.

5 min · Available · 2026-09-21

Before you begin

- ✓ Open the community's public link. No account is required.
- ✓ The community must have made its songbook or setlists visible.

1 STEP 1 OF 3 · 2 MIN

Open the public page

Open the community's Songs page. When the link pins a published setlist, its moments and large-text reader appear at the top.

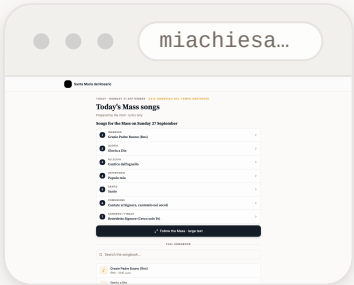

Fig. 1 The page exposes only content made visible by the community; the illustrated link pins one setlist.

2 STEP 2 OF 3 · 1 MIN

Reach the full songbook

Scroll to Full songbook. Search matches titles and authors included in the community's public songbook.

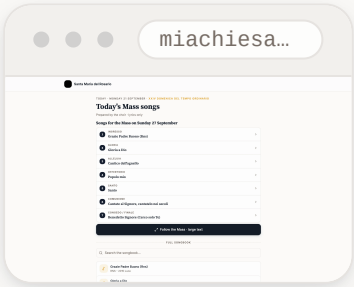

Fig. 2 The Search the songbook field filters the community's public entries.

STEP 3 OF 3 · 2 MIN

Filter the entries

Enter Gloria in the search field. The list narrows to matching titles or authors as you type.

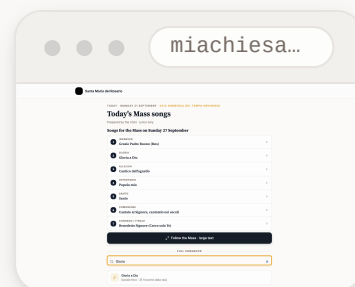

Fig. 3 The local filter shows Gloria a Dio; it has not changed or downloaded the songbook.

What you have achieved

- ✓ You can browse and filter a community's public songbook.

Troubleshooting

The page shows no songs

The community may not have opened its songbook or setlists to members yet, or it may have no published setlist for the day in the link.
