STEP 3 OF 4 · 1 MIN

Choose the reason

In the **Report this photo** window choose the reason: **I appear in it and want to be removed**, **A minor appears without consent**, **Inappropriate content** or **Other reason**.

If you like, add a note in the “Add a detail (optional)” field: it helps the reviewer understand straight away who or what it is about.

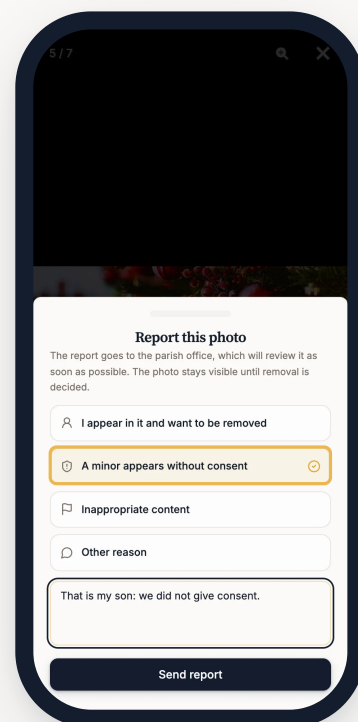

Fig. 3 The chosen reason is highlighted with a check mark.

STEP 4 OF 4 · 15 S

Send the report

Tap **Send report**: "Report sent. Thank you!" appears.

What happens next

The report reaches whoever manages the gallery in the community, who reviews it. The photo stays visible until removal is decided.

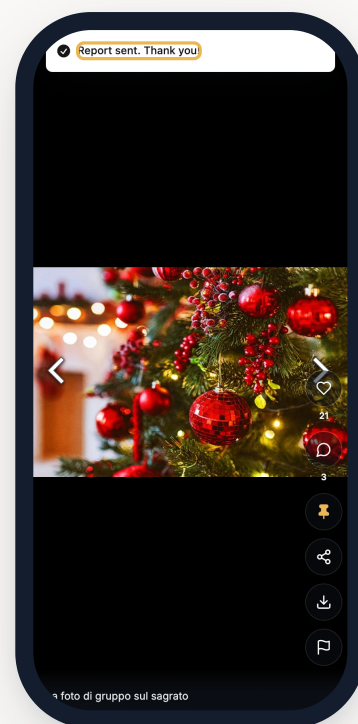

Fig. 4 The message confirms the report arrived.

What you have achieved

- ✓ The community receives the report with the reason and your note.
- ✓ Whoever manages the gallery decides whether to remove the photo.

Troubleshooting

I see "You already reported this photo"

Your earlier report is still open: there is no need to send another.

I see "Something went wrong. Please try again."

The report was not sent. Check your connection and try again.

The photo is still visible

That is expected: it stays visible until whoever manages the gallery decides to remove it.
