

Set devotion preferences

Review advance, pace, private history, aggregate presence and reminders.

6 min · Available when Devotions are enabled for the community · 2026-09-21

Before you begin

- ✓ Open the devotion you want to pray.
- ✓ Sign in if you want to sync history or receive reminders.

1

STEP 1 OF 3 · 2 MIN

Open a devotion

From Devotions, select Pray now or one of the available prayers. Preferences are personal and open before you begin.

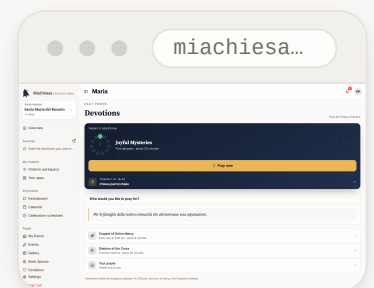

Fig. 1 Today's suggestion and the other devotions lead to the preparation screen.

2

STEP 2 OF 3 · 2 MIN

Review preparation

Before beginning, choose the mysteries when applicable and the intention. Prayer preferences remains closed until you open it.

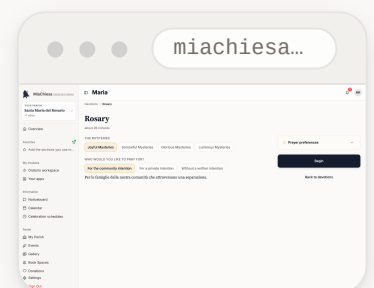

Fig. 2 Prayer choices are separate from personal preferences.

3

STEP 3 OF 3 · 2 MIN

Open preferences

Open Prayer preferences. Automatic advance also enables pace; vibration only appears on devices that support it.

With an account, you can choose whether to sync private history, contribute only to the anonymous presence total and receive reminders. Switches apply immediately; the figure shows them without changing any.

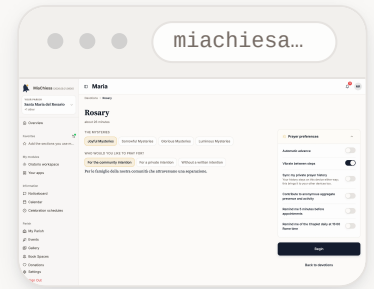

Fig. 3 The controls are visible, but no preference has been changed.

What you have achieved

- ✓ You can review every preference before changing it.

Troubleshooting

I cannot see Vibrate between steps

The control appears only when the device provides vibration support.
