

Choose an oratory activity module

Open the correct module from the available activities.

6 min · Available with the listed permissions · 2026-09-21

Before you begin

- ✓ Select the correct oratory and check your scope.

1 STEP 1 OF 3 · 2 MIN

Start from the overview

Open Oratory and review the profile, active activities and main indicators. Visible modules depend on your permissions and enabled features.

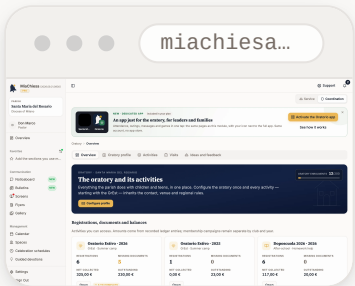

Fig. 1 The overview gathers the activities available in your scope.

2 STEP 2 OF 3 · 2 MIN

Compare activities

Open Activities. Each row explains the module and marks it as active, available or linked to another area.

Groups, spaces and events open shared areas; GrEst, membership and after-school retain the selected oratory context.

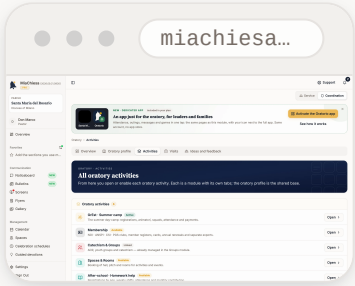

Fig. 2 Labels and descriptions help you choose the correct module.

3

STEP 3 OF 3 · 2 MIN

Open the module

Select Open on the GrEst row. The module shows its edition and only the tabs allowed by your permissions.

The capture stops on the module page and does not create or change editions.

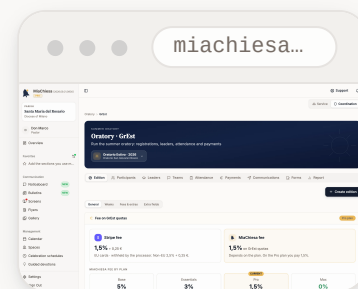

Fig. 3 The module opens in the oratory context without applying changes.

What you have achieved

- ✓ Open the correct module from the available activities.
