

Install MiaChiesa and enable notifications

Add the app to your Home Screen and choose when to receive community updates.

9 min · Available · 2026-09-21

Before you begin

- ✓ Open the page on the phone you use every day.
- ✓ On iPhone use Safari; on Android use Chrome if an in-app browser does not show Install.

1

STEP 1 OF 4 · 2 MIN

Choose your device

Open Install and select iPhone/iPad or Android. The page adapts the instructions to the device.

After the choice, only the instructions for the selected system remain visible.

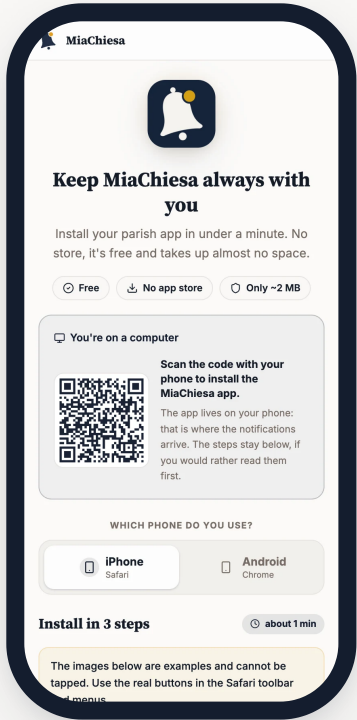

Fig. 1 Open Install and select iPhone/iPad or Android. The page adapts the instructions to the device.

2

STEP 2 OF 4 · 2 MIN

Install from the page

On Android use the install button when it appears. On iPhone open Share and choose Add to Home Screen.

Installation is complete when the icon appears on the Home Screen.

3

STEP 3 OF 4 · 2 MIN

Open the installed app

Launch MiaChiesa from the Home Screen icon and sign in.

Sign in with the same profile you will use to follow the community.

4

STEP 4 OF 4 · 2 MIN

Set notifications

When the app offers notifications, choose useful updates and allow the system prompt.

Save the in-app preferences and accept the system prompt; both permissions are needed for updates to arrive.

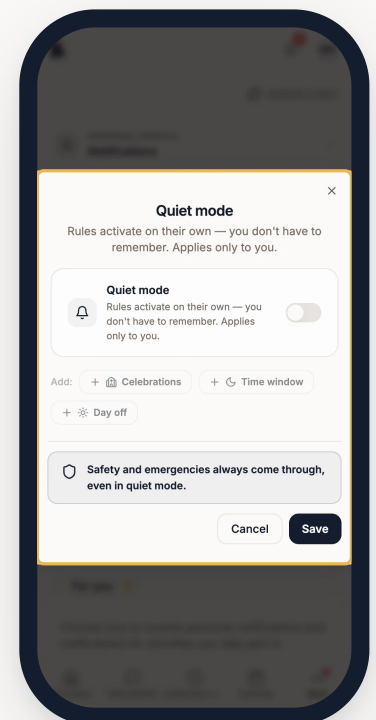

Fig. 3 Quiet mode contains personal rules that activate automatically.

What you have achieved

✓ MiaChiesa is available from the Home Screen.

✓ Selected notifications can be managed in the app settings.

Troubleshooting

The Install button does not appear

Open the page in Chrome on Android. On iPhone follow the Share menu steps in Safari.

I receive no notifications

Check both the in-app preferences and the phone notification permission.
